Associació Valenciana Musicologia

Seminars of ethnomusicology were organized from 2006 to 2010.
The evolution of Ethnomusicology has made possible different approaches to musical fact.
With this seminar, AVAMUS aimed, on the one hand, to show the works that are emerging in the field of traditional music, and on the other hand, to diffuse the different trends that have been appearing.

I Seminar (2006)

II Seminar (2007)

III Seminar (2008)
